

One of the most pleasant events of the past month was the official opening of the Campbellton School Trail and Bridge, part of the Kingfisher Creek project. Seen above is Mrs. Haig-Brown crossing the bridge after the ribbon-cutting ceremony, accompanied by George Longden of the Kingfisher Creek Society.

Campbellton Principal, Dan Regan is in the background with his students who raised \$1,500 for the project.

Members of the Society built the bridge and the trail was constructed by the Canada World Youth group.
